The Expanded Target Risk List of Countries

Further to our recent notices provided in July, please note the Department of Agriculture have implemented restrictions on importations from Italy being manufactured between the 1st of September 2018 to the 30th of April 2019. The expanded target risk list of countries now includes USA, Italy, Germany, France, Russia, Greece, Hungary, Romania, Georgia, Japan*, China, Korea, Canada and Chile. (*heightened vessel surveillance only)

The expanded target risk list of countries that now includes USA, Italy, Germany, France, Russia, Greece, Hungary, Romania, Georgia, Japan*, China, Korea, Canada and Chile. (*heightened vessel surveillance only)

Importing “target high risk” and “target risk” commodities, what you need to know?

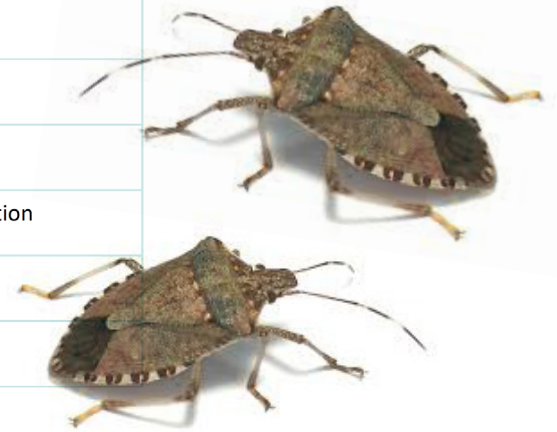

Any containerised cargo including full container loads (FCL) less than container loads (LCL) shipments and/or Breakbulk must be treated prior to arriving or being released into Australia from the specified target risk countries.
